Experience

WEB DEVELOPER

Perfekt Group Michał Wiśniewski | 2020 – now

While working for Perfekt Group I created dozens of websites for clients, which helped them develop their businesses and sell their products. My responsibilities at Perfekt Group are:

- Creating functional websites using an existing graphic design (**Adobe XD, Figma**)
- Creating personalized themes for Content Management Systems (**Wordpress, Shopify**)
- Creating personalized **Wordpress plugins**, additionally utilizing the new **Block Editor**, hence using **React.js**
- Creating and editing already existing posts, pages or products in Content Management Systems
- Creating online shops using e-commerce technologies (**WooCommerce, Shopify**)
- Creating landing pages for clients using online editors or **HTML** with **CSS** and **JavaScript**
- Web services integration (email services, marketing services, Facebook Pixel, Google Analytics)
- Editing of simple graphic files using raster graphics editing software (**GIMP, Photoshop**)
- Creating simple websites using popular web frameworks (**Vue**)
